STRATEGIC PLAN

July 1, 2019 – June 30, 2022

Why did Upton Economic Development Board create a strategic plan?

This first Upton Economic Development Board (UEDB) strategic plan was created to provide a road map to revitalize the Town of Upton with new well-paying jobs, business growth, redeveloped properties, and new mixed housing stock. The plan lays out action plans with timelines, metrics for quantifying progress, potential resources for implementation, and parties responsible to execute the plan.

It Takes a Village!

Developing a relevant, realistic strategic plan requires collaboration and resources from members of the community, stakeholders and partners, just to name a few.

It is a time-consuming process, and the UEDB wishes to acknowledge those who contributed time, expertise and input to this three-year plan. Thank you to all who contributed to this Strategic Plan!

STRATEGIC PLAN

July 1, 2019 – June 30, 2022

S.M.A.R.T. GOALS: Specific • Measurable • Attainable • Realistic • Time-bound

UEDB Mission

“We serve as stewards that promote, develop, and support a strong greater Upton community.”

Vision for Upton

During the kickoff strategic planning session of the UEDB Board of Directors, ideal characteristics for the community of Upton were discussed. A list resulted from the discussion that describes a vision for an Upton, WY with economic vitality, an engaged, healthy and educated population, and a sustainable and vibrant community.

Jobs and business growth

- Strong & vibrant with diversified industries, other than coal and energy, in addition to retail, and a motel

Involved Community

- -Broader community involvement in municipal government, FFA, Upton Chamber, FCCLA, and other school-based organizations

Stability / Sustainable economy for future generations

- Diversification of jobs
- Concerns about limited natural resources of coal, which are estimated to be used-up by 2033

Attractive Community

- Eliminate deteriorated buildings or brownfields properties
- Refurbish or redevelop structurally sound houses and buildings (Note: City cleanup effort – created a list of lots and housing ownership)
- UEDB representation on the Upton Planning Board
- Encourage comprehensive plan for housing, housing types, and business uses in Upton
- New development of houses, and commercial and industrial buildings

Educated Population

- School education and workforce training and development > FBLA, TeamMates, FCCLA and other school-based organizations
- Age diversified educated population

Infrastructure Improvements

- 100% Broadband Fiber throughout Upton
- Water and sewer – for new housing developments or business centers

Housing

- New and revitalized housing
- Diversify housing: rental options, move-up homes, new starter homes, senior housing, affordable housing
- New development sites, master planned

Two additional strategic planning sessions focused on developing primary and secondary strategies and goals that the UEDB would focus on over the next three years. Community resources and assets that were identified serve as a foundation and support for the Upton economic development Strategic Plan.
